Phone: +91 87542 09366

Profile

Aspiring MCA student with a strong background in Computer Applications and a proven track record in internships and project work. Seeking to leverage my skills and knowledge in a dynamic and growth-oriented environment.

Technical Skills

Languages: C, C++, Java, Python

Technologies: HTML, CSS, JavaScript, PHP, SQL

Tools: Apache NetBeans, CodeBlocks, Visual Studio, Google Earth Engine, Arduino IDE, canva, claude

Education

Pondicherry University, Puducherry

PG (2023–2025)

Master of Computer Applications

CGPA: 9.01

Pope John Paul II College of Education

UG (2020–2023)

Bachelor of Computer Applications

Gold Medalist – Awarded by Pondicherry University

CGPA: 8.85

Work Experience

Software Developer

Nov 10, 2025 – Present

Sri Venkateshwara Medical College, Ariyur, Puducherry

- Developing and maintaining internal software systems for hospital administration.
- Implementing a secure Document Management System for handling confidential institutional records.
- Managing database connectivity and server-side deployment for web applications.

Projects

Document Management System (Live Website)

- Developed a secure web platform to manage confidential documents with database connectivity.
- Deployed the live application on Bluehost server.

Sri Venkateswara Super Speciality Hospital Website

- Developed and maintained a responsive hospital website using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL.

Crop Yield Prediction Using Machine Learning with Satellite Data

- Built a Random Forest model and web app using Python, Pandas, Scikit-Learn, and Flask for crop yield prediction.

Smart Irrigation System Using IoT

- Designed an automated irrigation system using NodeMCU and Blynk for remote monitoring.

Cargo Management System

- Developed a logistics management system using HTML, CSS, JavaScript, PHP, and ASP.

Data Analytics Project (Self-Driven)

- Developed a data analytics solution using Python, Pandas, NumPy, and Power BI to analyze datasets, extract insights, and visualize key trends for decision-making.

Internships

Hi-Tech Company

- Gained hands-on experience in web development and project management.

Duration: 20 days

Publications & Conference Presentations

“Satellite-Driven Machine Learning Models for Regional Crop Yield Estimation”

Presented at **ICACIKDDA '25 — International Conference on Advancements in Computational Intelligence for Knowledge Discovery & Diverse Applications**, Takshashila University, Tamil Nadu, India

June 13–14, 2025

Certifications

- Typewriting Lower — English
- NPTEL Online Course — Python
- NPTEL Online Course — Ethical Hacking
- IIRS Online Certification — Geo Data Sharing and Cyber Security
- Tata Forage — GenAI-Powered Data Analytics Job Simulation (Online)

Strengths

Problem-solving abilities, Collaboration, Time management, Fast learner

Future Goals

Expand knowledge in different IT fields
Acquire full-stack web development skills
Learn Git version control
Enhance language proficiency in English

Languages Known

Tamil, English, French
